

In-Room Housekeeping Stay-Over Services (Optional)

Option 1: Daily Housekeeping - In-Room Service will include the following:

- o Replace used towels left on the floor
 - o Making of the beds
- o Cleaning the kitchen and bathrooms
 - o Washing dirty dishes
- o Tidying up the living room area and bedroom(s)
 - o Taking out trash
 - o Sweeping and mopping the floors
- o Bed Linen change every 3rd day (optional)

Please note the following:

- Same day service requests should be reported to the Front Desk no later than 10am to allow our Housekeeping Team the ability to adjust their schedule and accommodate all of our guests.
- All pets must be kept in a crate and/or out of the room for this service to be provided. Rooms with unattended pets will not be serviced.
- If personal belongings are left on furnishings (beds, couches, etc.), or counter tops, our staff will not move these items and therefore housekeeping services will be limited for those areas. This is especially true for items left on beds, as our team will not be able to make the bed or perform any requested linen exchange.
